Annina Recliner

The Annina offers a more dynamic approach to furnishing a hospital space and introduces a new level of versatility and durability, all in a small footprint. You can sit on the patented rolling footrest, it will safely support you.

Conventional recliners are too large and bulky to fit in a waiting room layout. The Annina Failsafe recliner can be joined to standard Annina low back or high back chairs to create space saving multiple seat configurations or used as free standing. Providing a level of comfort and support long needed in waiting rooms.

Annina Waiting

- A Ottoman supports 350 lbs
- B Contoured arm caps for comfort and aesthetics

Annina Glider

The Annina glider offers a soothing gliding motion in a small footprint.

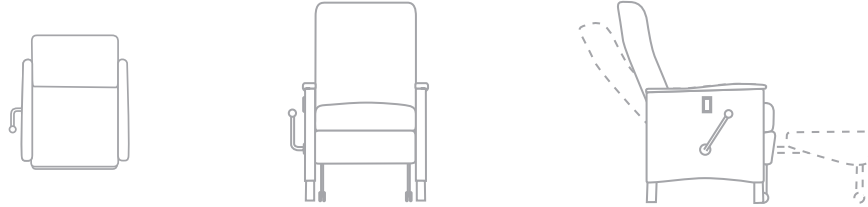

Annina Glider Recliner

The Annina Glider Recliner offers a soothing gliding motion and effortless recline while maintaining a small footprint. The Gliding motion can be locked by rotating a lever on the side.
